Section 1. Title 4, Chapter 2, Section 17, of the Revised Ordinances of the City of Newark, New Jersey, 1966, is hereby amended in its entirety to read as follows:

4:2-17. One thousand foot rule; exceptions:

- (a) To encourage the reasonable distancing of retail establishments:
 - (1) No plenary retail consumption license may be transferred to any location within 1,000 feet of any other plenary retail consumption license or plenary retail distribution licensee; and
 - (2) No plenary retail distribution license may be transferred to any location within 1,000 feet of any other plenary retail distribution license or plenary retail consumption licensee.
- (b) Section (a) shall not apply to renewals for the same premises and transfer of licenses from person-to-person within the same premises.
- (c) Notwithstanding Section (a), the Newark A.B.C. may in its own discretion grant a place-to-place transfer to the same licensee within 600 feet of that licensee's existing licensed premises if the transfer is made in good faith and solely benefits that same licensee.
 - (1) This section has as its only affect the 600 foot distance hereinabove stated and is not intended to declare that the transfer in and of itself would be granted inasmuch as all of the other necessary pre-requisites must be shown to the Newark A.B.C.
- (d) Notwithstanding Section (a), the Newark A.B.C. may in its own absolute discretion grant a place-to-place transfer for an existing license where the licensee demonstrates extreme hardship and demonstrates good cause; and
 - (1) The proposed transfer is not located in the first or second residential zone as shown on the zoning maps of the City of Newark; and

Nothing contained in this paragraph shall prevent the granting or transferring of a plenary retail license within a distance of 1,000 feet from a bona fide licensed hotel or motel.
- (f) Notwithstanding the above-mentioned 1,000 foot limitation affecting the transfer of any plenary retail consumption or distribution license, the Newark A.B.C. may, in its discretion, allow transfer of such license free of such 1,000 foot limitation herein fixed in the event of any licensee's premises being taken for any municipal, county, state or federal project; provided, nevertheless, the new location to which the license is to be transferred under this exception shall not be located within a distance of 600 feet of a then existing location licensed to do business under a like license as the one being transferred. Said 600 feet distance shall be measured in the manner as herein provided for the measuring of the 1,000 foot distance. In the event any transfer of a license should be allowed under this exception, no license shall thereafter be transferred to the premises or any part thereof so vacated by such transfer, nor within a radius of 600 feet thereof; provided, however, that all other provisions of this title are complied with.
- (g). Any contract to purchase premises, or any agreement containing an option to purchase premises, or any leasehold agreement which has been entered into prior to December 10, 1961, to cause a removal of a license-holder to a place of business within 750 feet of the license-holder's present place of business which contract of purchase, or option in any agreement, or leasehold interest to be obtained, is filed with the Newark A.B.C. prior to December 10, 1961, shall not be bound by the 600 foot rule in this section.

Any other premises falling within such distance, in part or in whole, shall be deemed to be within the applicable measurement for the purpose of this title. It shall be the responsibility of the licensee to have a licensed surveyor prepare a map showing these facts. Such maps shall be filed with the Newark A.B.C. seven (7) days before the hearing on the transfer.

RE: TAX ABATEMENT APPLICATION FOR
GMNA NEWARK URBAN RENEWAL ASSOC.
1043-1077 RAYMOND BLVD.
(Block 136, LOT 63)

Please be advised that my office prepared the attached resolution authorizing a tax abatement for the above-referenced entity, calculating the annual service charge on 2% of the total project cost as opposed to 15% of the annual gross revenues. The applicant through NEDC has requested this method rather than the 15% formula. It is financially more advantageous to the City to use the 15% formula and has been the policy where the premises are not owner-occupied as is the situation here.

Pursuant to this policy, I have requested the entity to provide an explanation as to why the 2% formula has been requested rather than the 15% formula. The entity has submitted a financial plan, copy attached, which compares the two formula and concludes that the 15% makes the project uncompetitive.

The application is proper in all respect and requires a policy decision by the Municipal Council. Kindly advise as to your decision in this matter.

GLENN A. GRANT
Corporation Counsel

RESOLUTIONS.

7-R-a. (S)

Resolution by the Municipal Council approving the Newark Housing Authority's Replacement Housing Plan for Public Housing in the City of Newark.

A motion to adopt the resolution was made by Councilman Carrino, seconded by President Martinez.

President Martinez read the following letter from Mayor Sharpe James:

SHARPE JAMES
MAYOR
NEWARK NEW JERSEY
07102

October 27, 1988

Mr. Walter J. Johnson
Area Manager
U.S. Department of Housing and
Urban Development
60 Park Place
Newark, New Jersey 07102

Dear Mr. Johnson:

The City of Newark's revised Housing Assistance Plan will be completed October 31, 1988. I certify the demolition of Columbus Homes is consistent with the revised Housing Assistance Plan encompassing the following provisions:

October 28, 1988

- a. all tenants be relocated into safe, decent and sanitary housing
- b. mixed low rise units be built at this site to accommodate no less than the current number of families now residing in Columbus Homes.

As Mayor, I am pleased to witness the demolition of this hazardous structure in our City.

Sincerely yours,

Sharpe James
Mayor
SJ:d

Councilman Carrino stated this letter is the Mayor's approval on the Housing Assistance Program. The resolution being presented today approves the guidelines in the Congress that requires a one for one replacement in the event of demolition.

President Martinez directed the City Clerk to read the resolution.

City Clerk Marasco read the following resolution:

WHEREAS, the Housing Authority of the City of Newark has submitted an application to the Department of Housing and Urban Development to demolish Columbus Homes; and

WHEREAS, the Department of Housing and Urban Development's approval is contingent upon the Housing Authority of the City of Newark preparing a Replacement Housing Plan; and

WHEREAS, the Replacement Housing Plan must be approved by the unit of general local government;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT

1. The Replacement Housing Plan, as prepared by the Housing Authority of the City of Newark, attached hereto and made a part hereof, be and the same is hereby approved.

The motion was declared adopted by President Martinez by the following votes:
Yes: Councilmen Branch, Carrino, Grant, Rice, Villani, President Martinez.
Absent: Councilmen Harris, Payne, Tucker.

At a later time in the meeting, before the roll call on the motion to adjourn, Councilman Tucker requested his vote be recorded in the negative on this resolution.

A motion to adopt the resolution was made by Councilman Carrino, seconded by President Martinez.

Councilman Tucker stated for the record that he wanted to be reflected as no in this vote. The other fact he wanted to make clear to his colleagues was that he really and truthfully resented this situation of calling this meeting on a Friday and not within the general context so that the general community could not be here.

October 28, 1988

He opined that he really and truthfully believed that this was purposely planned to make sure that the community could not participate. He said the intent of the Council has been expressed. He noted he also wanted to make it very clear that he did not believe the lies that are embodied within this particular communication that talk about the fact that you are going to provide one for one replacement within the context of 1991 and now. He has stated this before and he wanted to reaffirm it for the record that what the Council is doing is turning its back directly on poor people, that they are purposely just demolishing it for the standpoint of the developer. He is knowledgeable that Prudential Insurance Company wants this land. All of us know this. He is also knowledgeable that the Chamber of Commerce wants this land and what they are doing in reality and the Council is concurring in this, is just stealing the land from the poor and inevitably, somehow or other, I think all of us need to understand, sooner or later, this all will come down to a point where the public will become knowledgeable of it. He has no problem accepting the realization that that's the Council's position but he wanted to make it very clear that the citizens of the City of Newark should know that this is not in their best interest, but in the best interest of Prudential and the Chamber of Commerce.

The motion was declared adopted by President Martinez by the following votes:
 Yes: Councilmen Branch, Carrino, Grant, Harris, Villani, President Martinez.
 No: Councilman Tucker.
 Absent: Councilmen Harris, Payne.

Ordinance providing for the approval and adoption of a map depicting the location and boundaries of Drug-Free School Zones, and making an official finding and record of the location and boundaries of such zones.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. In accordance with and pursuant to the authority of L. 1988, c. 44 (C. 2C:35-7), the Drug-Free School Zone map produced on or about June 27, 1988 by Alvin L. Zach, P.E., L.S., Director, Department of Engineering for the City of Newark, is hereby approved and adopted as an official finding and record of the location and areas within the municipality of property which is used for school purposes and which is owned by or leased to any elementary or secondary school or school board and of the areas on or within one thousand feet of such school property.

Section 2. The Drug-Free School Zone Map approved and adopted pursuant to Section 1 of this ordinance shall continue to constitute an official finding and record as to the location and boundaries of areas on or within one thousand feet of property owned by or leased to any elementary or secondary school or school board which is used for school purposes until such time, if any, that this ordinance shall be amended to reflect any additions or deletions with respect to the location and boundaries of school property and Drug-Free School Zones.

539

Section 3. The school board, or the chief administrative officer in the case of any private or parochial school is hereby directed and shall have the continuing obligation to promptly notify the Director of the Department of Engineering and the Corporation Counsel of any changes or contemplated changes in the location and boundaries of any property owned by or leased to any elementary or secondary school or school board which is used for school purposes.

Section 4. The City Clerk is hereby directed to receive and to keep on file the original of the map approved and adopted pursuant to Section 1 of this ordinance, and to provide at a reasonable cost a true copy thereof to any person, agency or court which may from time to time request such a copy, along with a certification that such copy is a true copy of the map approved and adopted herein and kept on file. It is hereby further directed that a true copy of such map and of this ordinance shall be provided without cost to the County Clerk and to the office of the Essex County Prosecutor.

Section 5. The following additional matters are hereby determined, declared, recited and stated:

(a) It is understood that the map approved and adopted pursuant to Section 1 of this ordinance was prepared and is intended to be used as evidence in prosecutions arising under the criminal laws of this State, and that pursuant to State law, such map shall constitute prima facie evidence of the following:

- 1) the location of elementary and secondary schools within the municipality;
- 2) the boundaries of the real property which is owned by or leased to such schools or a school board;
- 3) that such school property is and continues to be used for school purposes, and
- 4) the location and boundaries of areas which are on or within one thousand feet of such school property.

(b) [Except as is otherwise expressly noted on the face of the approved and adopted map,] All of the property depicted on the map approved and adopted herein as school property was owned by or leased to a school or school board and was being used for school purposes as of July 9, 1987, that being the effective date of L. 1987, c. 101 (C. 2C:35-7).

The failure of the map approved herein to depict the location and boundaries of any property which is, in fact, used for school purposes and which is owned by or leased to any elementary or secondary school or school board, whether the absence of such depiction is the result of inadvertent omission or the result of any changes in the location and boundaries of such property which have not yet been incorporated into a revised approved map, shall not be deemed to be an official finding and record that such property is not owned by or leased to a school or school board, or that such property is not used for school purposes.

Ordinance prohibiting the use of Chlorofluorocarbons Processed Food Packaging.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. FINDING AND PURPOSE

The Council finds and declares as follows:

A. Available scientific evidence indicates a strong probability that the family of substances known as chlorofluorocarbons ("CFCs"), when discharged into the atmosphere, degrade the earth's protective layer of ozone, allowing increased amounts of ultraviolet radiation to penetrate the atmosphere, posing an acute and immediate danger to human health, life, and the environment. Available scientific evidence indicates the strong possibility that the resulting increase in ultraviolet radiation may already have caused an increase in the incidence of skin cancers and other serious illnesses.

B. One source of the CFCs currently being released into the atmosphere is the use of these substances as blowing agents in the manufacture of some of the polystyrene foam packaging products used in the food services industry. There are substitutes for these products currently available which do not use CFCs in their manufacture.

C. The people and the City of Newark support international, federal, and state bans on all uses of CFC not deemed absolutely essential. Until such bans are in effect, responsible action to reduce CFC use and alert the public to the danger posed by these substances must be undertaken at the local level.

D. It is the intent of the Council to reduce the amount of CFC-processed products purchased and used by the City and people of Newark and thereby to reduce the health hazards created by the manufacture of these products.

Section 2. DEFINITIONS
